

# PARKING

In order to keep our children safe in the parking lot, we ask that you do the following:

Please **NEVER** park facing away from the school, but follow our plan as we picture below. If you are merely dropping your child off, please park in the central area. If you plan to stay for awhile, please park in the outer perimeter.

Please make sure that you hold your child's hand from the time you exit your car until you enter the building. The same holds true when you depart.

Thank you for your cooperation and for helping keep our children safe.
